ENGLISH FOR FLIGHT ATTENDANT

LEARN FAST, GO FURTHER

COURSE DURATION

This 45-hour online course includes two live lessons, each lasting between 45 and 60 minutes.

In-person classes are also available, subject to availability and class arrangements.

STUDENT PROFILE

This course is designed for aspiring flight attendants and experienced cabin crew members who wish to develop, refresh and improve their English communication skills.

Students must have a minimum English proficiency level of B1.

METHODOLOGY

The course focuses on speaking, listening and aviation-related vocabulary, encouraging active communication between students and their teacher.

Listening activities help students develop comprehension skills while introducing and reinforcing essential vocabulary and expressions used in cabin crew operations.

Special attention is given to pronunciation, role-playing and practical communication exercises. Students practise realistic situations commonly encountered by flight attendants, helping them build confidence, improve fluency and communicate effectively in professional aviation environments.

AVIATION SCHOOL

ASSESSMENT

Students are assessed weekly through written vocabulary tests, role-playing activities or written assignments.

The final assessment consists of a practical simulation conducted in a cabin crew simulator.

Students who successfully complete the course will receive a certificate from Air Academy Ireland.

COURSE AIMS

- Understand and use essential aviation vocabulary and common expressions relevant to cabin crew operations.
- Understand standard instructions and everyday communication used by flight attendants, both face-to-face and via radio.
- Recognise and interpret less familiar language in professional aviation situations, avoiding misunderstandings of important information.
- Communicate confidently and clearly with passengers, colleagues and other aviation professionals.
- Respond effectively to routine and unexpected situations, ensuring clear communication and reducing the risk of misunderstandings.
- Improve pronunciation to ensure clear, accurate and effective communication.
- Write short, clear and grammatically accurate texts using appropriate vocabulary and spelling.
